Introduction

Accessibility for Ontarians with Disabilities Act

In June 2005, the Accessibility for Ontarians with Disabilities Act 2005 (AODA) was enacted into law. The AODA is more comprehensive and prescriptive than the Ontarians with Disabilities Act from 2001 and applies to the public sector, as well as private and non-profit organizations. The AODA requires the development of accessibility standards, compliance deadlines, and administrative penalties for non-compliance.

The fundamental purpose of the AODA is to ensure that Ontario is accessible by 2025. Ontario is the first and only Canadian jurisdiction to regulate accessibility standards.

Standards Development Committees were established in the following areas:

- Customer Service
- Information and Communications
- Employment
- Transportation
- Built Environment

Each standard has established implementation targets and compliance requirements for obligated organizations. The AODA requires accessibility of goods, services, facilities, accommodation, employment as well as information and communications.

Implementation Strategy

Middlesex County supports the spirit and goals of the AODA to make the Province of Ontario accessible by 2025. The County is striving to become more accessible and inclusive to people with disabilities by ensuring accessibility is a reality throughout all facilities and business operations. Ensuring accessibility is integrated into all County initiatives, business practices, boards, committees departments and divisions. The County and all participating municipalities are committed to fulfilling the requirements.

Participating Municipalities

This multi-year accessibility plan is prepared jointly between the County of Middlesex and the following participating municipalities:

- County of Middlesex
- Township of Adelaide Metcalfe
- Township of Lucan Biddulph
- Municipality of Middlesex Centre
- Municipality of North Middlesex
- Municipality of Southwest Middlesex
- Municipality of Strathroy-Caradoc
- Municipality of Thames Centre
- Village of Newbury

Statement of Commitment

Middlesex County and the participating municipalities are committed to eliminating barriers and improving accessibility for people with disabilities in a manner that respects dignity, independence, integration and equal opportunity.

Middlesex County recognizes the diverse needs of all our residents and customers and will respond by striving to provide services and facilities that are accessible to all. Middlesex County is committed to meeting the needs of people with disabilities in a timely manner, and will do so by preventing and removing barriers to accessibility and meeting accessibility requirements under the Accessibility for Ontarians with Disabilities Act (AODA).

Middlesex Accessibility Advisory Committee

The AODA requires municipalities to establish an Accessibility Advisory Committee, where the population exceeds 10,000.

The Middlesex Accessibility Advisory Committee is a public committee that is comprised of people with disabilities and staff members from the County and local municipalities. The purpose of the committee is to provide advice to Councils on the removal and prevention of barriers.

Monitor and Review

This Multi-Year Accessibility Plan will be reviewed and updated at least once every five years.

An annual status report will be completed to document the progress and measures taken to implement Middlesex County's strategy and meet the requirements under the Integrated Accessibility Standards Regulation.

Plan Coordination

The County's Accessibility Coordinator is responsible for the development of this plan, in consultation with the participating municipalities and the Accessibility Advisory Committee.

Timelines and Deliverables

Outcomes

- People with disabilities will have access to accessible services
- People with disabilities will have access to alternate formats and communication supports for any information that the Municipality produces
- A barrier-free recruitment process
- Greater accessibility in Municipal-owned facilities
- Municipal staff able to identify barriers to accessibility and actively seek solutions to prevent and remove barriers

Approach

- Develop policies and procedures
- Incorporate accessibility into planning processes
- Train staff
- Engage the public in feedback
- Work to remove barriers to employment
- Continue to make facilities accessible
- Ensure there is access to information and communications

Timelines

2012-2013:

- The development of policies
- Developing a multi-year accessibility plan
- Purchasing requirements
- Emergency and public safety information
- Report to the Accessibility Directorate of Ontario (2013)

2014-2021:

- Employment
- Training
- Feedback process
- Accessible formats and communication supports
- Accessible Websites and web content
- Report to the Accessibility Directorate of Ontario (2015, 2017, 2019, 2021)
- Design of Public Spaces Regulation
- Accessible Customer Service update

Municipality of Thames Centre Accessibility Achievements

Training

- Trained Council Members and Department Heads on the new Accessibility Policy in 2013.
- Trained staff on accessibility regulations in 2014. This training is provided on an ongoing basis when new employees are hired. The training includes:
 - A review of the Accessibility for Ontarians with Disabilities Act and its regulations (including the Accessible Customer Service Standard and the Integrated Accessibility Standard)
 - An overview of the Ontario Human Rights Code
 - How to interact and communicate with persons with various types of disability.
 - How to interact with persons with disabilities who use an assistive device or require the assistance of a guide dog or other service animal or the assistance of a support person.
 - How to use equipment or devices available on the provider's premises or otherwise provided by the provider that may help with the provision of goods or services to a person with a disability.
 - What to do if a person with a particular type of disability is having difficulty accessing the provider's goods or services.
- Developed training document for volunteers (including committee members). This training is provided on an ongoing basis when new volunteers come on board.
- Trained staff on "creating accessible documents". This was provided to admin staff in 2014 and 2015. This training includes:
 - The basics of how to build an accessible Word document
 - Tips and best practices
 - How to test for accessibility within a document
 - Plain language and colour contrast
 - A review of making Excel spreadsheets and PowerPoint presentations accessible (this is provided to staff based on job duties)
 - Reviewing an accessible PDF
- Trained Council Members on AODA requirements in 2015.

- The In-house web developer was informed of the Web Content Accessibility Guidelines in 2013.

Accessible Websites and Web Content

- Templates
 - Created templates to assist in making documents accessible. This includes Council and Committee reports, and by-laws. The Municipal Staff are working towards making other web documents accessible, ie. job advertisements, job descriptions, media releases, newsletters, etc.
- Accessible Emergency Plan
 - Community Emergency Management Plan is currently available in a web accessible format on the Municipality's website. Alternate formats can be obtained by contacting the Municipal Clerks office.

Policies

- Developed Accessible Customer Service policy in 2009.
- Developed Corporate Accessibility policy which includes the requirements under the Accessible Customer Service Standard and the Integrated Accessibility Standard.
- Developed Accommodations in the Workplace policy which outlines the process that staff must follow when requesting an accommodation. The policy also outlines the process for accommodations being provided during the recruitment process.
- Developed Modified Work Policy in 2013.

Purchasing

- Amended purchasing policy in November 2013 and again in November 2014.
- Developed purchasing resource for staff in November 2014.

Feedback Process

- Members of the public can submit their feedback using the feedback form available at the Municipal Office or on the Municipality's website. The Municipality welcomes feedback regarding accessibility.
 - When the Municipality receives feedback, the Municipal Clerk will notify the appropriate department and make arrangements for the feedback to be followed up with.
- When seeking feedback from the public, the Municipality will provide accessible formats and/or communication supports to members of the public upon request.

Communication Supports and Accessible Formats

- Through training, the Municipality attempts to ensure that documents found on the Municipality's website (through which the Municipality has control) are accessible per the Web Content Accessibility Guidelines. This is an ongoing process. Members of the public can request documents in accessible formats or communication supports needed to attend meetings. Members of the public should contact the Municipal Clerk to determine the appropriate format.
- Developed a procedure for requests for an alternate format or communication support in 2015. This information has been forwarded to the Department Heads who would be responding to these types of requests.

Employment Requirements

- Developed Accommodations in the Workplace policy which outlines the process that staff must follow when requesting an accommodation. The policy also outlines the process for accommodations being provided during the recruitment process (includes Accessible Recruitment Guidelines).
- Provided Department Heads with information on how to remove barriers to accessibility throughout the recruitment process.
- Developed accommodations procedure to ensure that accommodation requests are documented.

Accessible Taxis

- Conducted a survey to assist the Municipality in determining the proportion of accessible taxicabs need in the community. The results were presented to Council for their information in September 2013.

Municipality of Thames Centre

Accessibility Future Goals

Training

- Develop comprehensive purchasing training and deliver to staff responsible for making purchases.
- Develop online training module and additional resources to help staff create accessible documents. (Training is currently provided in class)

Design of Public Spaces Regulation

- The Municipality will ensure compliance with the Design of Public Spaces regulation as it applies to Municipal owned public spaces.

Accessible Customer Standard Update

- Review the updated Accessible Customer Service standard in 2016 and implement as required.

Websites and Web Content

- Continue to monitor websites to ensure WCAG compliance
- Develop strategy to ensure web document compliance for documents dating back to 2012.
- Update municipal website to ensure it is WCAG compliant

Policies

- Continue to review policies to ensure they are consistent with the four principles of accessibility.

Repeal of Ontarians with Disabilities Act

The Ontarians with Disabilities Act (ODA) established the foundation for accessibility in the public sector by requiring municipalities to establish Accessibility Advisory Committees and develop accessibility plans. These have been municipal requirements since the legislation was enacted in 2001.

In 2005, the Accessibility for Ontarians with Disabilities Act (AODA) was established. The AODA allowed for the development of accessibility standards to be developed by the Province of Ontario. The Ontario government has removed sections of the ODA which are comparable to those addressed by the AODA or its regulations.

Effective December 1, 2015, twelve sections of the ODA have been repealed. These sections are largely duplicated or addressed in a comparable manner by the AODA or its regulations. This change will positively reduce the administrative burden on municipalities.

In particular, three sections of the ODA that directly impact municipalities were repealed as follows:

- Section 11 - Municipal Accessibility Plans
 - the ODA Requirement to Develop Annual Accessibility Plans
 - the AODA requires municipalities to develop multi-year accessibility plans.

- Section 12 - Accessibility Advisory Committees
 - the ODA Requirement for Municipalities to Develop Accessibility Advisory Committees (AACs)
 - the AODA requires that the majority of AAC members be persons with disabilities and provides for an expanded scope of the committee when compared with ODA-related requirements.

- Section 13 - Municipal Goods and Services
 - the ODA Requirement for Municipalities to Ensure Accessible Procurement of Goods and Services
 - the AODA requires all broader public sector organizations to incorporate accessibility into procurements of goods, services and facilities, including kiosks.

All other ODA requirements continue to be in effect. The AODA remains Ontario's primary accessibility law and municipalities will continue to be required to comply with applicable requirements in that statute and its regulations.

Accessibility committees and plan requirements from the ODA are duplicated in the AODA and therefore are unchanged.

APPENDIX '1'
OF THE MULTI-YEAR ACCESSIBILITY PLAN
Accessible Maintenance Practices

Maintenance of Accessibility Elements, Design of Public Spaces Standard

Purpose:

To meet the requirements under the Integrated Accessibility Standards Regulation (O.Reg 191/11), Design of Public Spaces Standard (Section 80.44) Maintenance of Accessible Elements.

Practices:

To ensure that any newly constructed or redeveloped elements provided for under the Design of Public Spaces will have procedures for preventative and emergency maintenance of the accessible elements in public spaces.

Scope:

Organizations shall ensure that their multi-year accessibility plan includes procedures for preventative and emergency maintenance of the accessible elements in public spaces as required under this Part and procedures dealing with temporary disruptions when accessible elements required under this Part are not in working order.

The Design of Public Spaces Standard applies to public spaces that are newly constructed or redeveloped, that include:

- Recreational Trails and Beach Access Routes
- Outdoor Public Use Eating Areas
- Outdoor Play Spaces
- Exterior Paths of Travel
- Accessible Parking

Application:

Departments that maintain elements listed under Scope:

- Shall apply best practices in the preventative maintenance of accessible elements with periodic checks such as;
 - o Annual inspections, or more frequently as per the Minimum Maintenance Standards.
 - o After storms or events that might affect accessible elements
 - o As part of any reports of vandalism or complaints
- Shall apply best practices in the emergency maintenance of accessible elements with active response once notified.
- Shall continue to provide public notification of temporary disruptions in keeping with compliance requirements under the Integrated Accessibility Standard Regulation (O. Reg 191/11) and the Municipality's corresponding policy:
 - o Notice of the disruption will include: the reason for the disruption, its anticipated duration and a description of alternative facilities or services, if any that are available.
 - o Notice will be given by posting the information in a conspicuous place as well as by posting the information on the Municipal website.
- Notify the Road Supervisor for the affected Municipality (where applicable)
- Repair as soon as practicable
